

30 Creative Ways to Invest in Your Coastal Business

When most people start a business, the smart ones do **NOT** use their own money. If they did, they would be taking it from their checking account, savings account, cookie jar, or out from under their mattress.

But most people, when they start a business, use someone else's money. That's what we do when we use our credit card, home equity line of credit, or borrow the funds from a friend. It should be no different with joining Coastal Vacations. There is important thing to remember . . . and this is always a strong motivation ... the cost involved in starting a business is **TAX DEDUCTIBLE!**

So let's look at some of the ways that people can get started with little or no money of their own. Be sure and read all 30 ideas. There is going to be one that will help you.

1) Sign-Up with your Credit Card.

That is how many get started but if you don't have a card, you'll have to apply for and receive the card first! This is the best option because it gives you 30 days to recoup your investment and you will immediately be able to conduct your business, receive your travel & vacation package & your sign-up bonuses. Here are some choices of credit card companies:

2) Obtain a loan on your 401K.

These loans are great if they're an option for you because there are no turndowns or penalties. The interest rate is 5%...and you're paying that interest to yourself!

3) Financing is available however it is subject to a 'Credit Check.' The loan company is called AG Finance and they give small personal loans to people for businesses or home renovations. Several people have gone thru them for Coastal and they have been approved for \$1320 (level one travel package)

It's free to submit your application. Please visit their website for detailed information:

AG Finance has many offices all over the US . Each customer puts in their zip code and the nearest location is pulled up. It takes a few minutes, online or over the phone, to complete the application and the customer finds out within 24 hours if they were approved for the \$1320 loan. If so they will receive a check in the mail within 2-3 days. Payback varies from customer to customer because it's determined by their credit score.

Here are a few more sources. We suggest that you actually apply for all of them and if you get approved for them all, just pick ONE to get your financing from. It costs you nothing to apply for them.

You can reach all of them at 800-555-1212 or search for them on the web.
